## GAME ON

Getting my game on means getting ready for something epic... something exciting. It means being prepared for anything that could happen. It means showing people who's behind the girl named Hannah that's shy and wears glasses.

iTwixie is life. I mean you get to show people what your all about. You meet people all over the world different cultures and religons coming together to make differences.

> by:WriterGurlie

iTwixie means hanging out with girls maybe down the street or half way across the WORLD! It means being your crazy self. It means experiencing different cultures and opinions at all types of levels. It means a whole network of new BFFs who encourage and love you during the hard times even though they have never even seen your face and heard your voice before. That's what iTwixie means to me!

## If I were home

>> by:Roseshimmer

If I wasn't at school,

I wonder what people would say,

Would they whisper, "Somethings missing"

And continue with their day?

Would it go on unnoticed,

Would it be neglected by my peers,

Or would they be extremely happy,

Which is exactly what I feared.

Would it be another passing day,

Full of papers pencils books,

Have I not gone under long enough,

Not opened my eyes to take a look.

There are things you can't see,

Deep under, way inside,

And there are some people,

The world just wants to hide,

I wonder what would happen,

I wonder who would see,

That the thing missing that day from school,

Was simply normal me.

(ALTERNATE ENDING)

I wonder if people,

Would notice something's wrong,

When I'm there I'm unnoticed,

I'm found when I'm gone.
